

A812 - Nitrosafe Plus Chemical Gauntlet

Collection: Chemical Protection Gloves

Range: Gloves

Materials: Cotton

Inner Pack: 12

Outer Carton: 216

Product information

More than just a nitrile gauntlet, the A812 is tested and certified to offer protection against many common chemicals found in industry today. The anti-slip pattern offers high dexterity in wet and dry conditions. Ultra-sensitive and free of soluble proteins help minimise the risk of allergic reaction. Lightweight 0.38mm thickness, these gloves are suitable for a broad range of industries, including industrial cleaning, laboratory work, light assembly, aerospace and the chemical industry.

Chemical Protection Gloves

Working environments using hazardous chemicals and substances can be extremely harmful to workers and the correct protection is a must. Portwest supplies a range of gloves which are fully tested and certified to protect from a range of chemicals.

Gloves

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwest's extensive range of Hand Protection products....
